Hints: Print this file and colour in the drawing.
Cut along the dotted line and put it up on your wall or window.
Or glue the paper onto a piece of card first, then cut along the dotted line and use the stand for easy display on a desk or bookshelf.
You can also punch a hole, attach a string and hang it from the ceiling.

Did you know?!

Only the male lion has a mane and weighing in at 225 Kgs he is the largest carnivore in Africa.

The female lion does most of the hunting. Their favourite food is the Zebra (watch out stripes...).

A lion's roar can be heard 7km away.

Never use scissors without adults around!
